No. Ko ... 836 Office of the Food Controller and
Director of Civil Supplies in Mysore,
Bangalore, dated 30th June 1919.

74245

From

K. Matthan, Esq., B.A.,
Food Controller & Director
of Civil Supplies in Mysore.

To

C. S. Balasundaram Iyer, Esq., B.A.,
Chief Secretary to the Govt. of Mysore.

Sir,

With reference to your letter No. G.28679/F.S. of the 26th instant, I have the honour to submit herewith for information of Government an ad interim report with regard to the distribution of the supplies of oil purchased from the Standard Oil Co.

The three consignments referred to in my letter No. 11042 of the 9th instant are nearly exhausted. The quantities of oil sent to the several districts till the end of last week ~~month~~ are given below:-

Bangalore District	...	... 210 tins
Tumkur District	...	... 354 tons & 203 drums
Hassan District	...	... 265 tins
Chitaldrug District		... 100 tins

The arrangements made by the Deputy Commissioners of Districts to take deliveries of oil have now come into a working order in most of the districts. Requisitions for oil are now being regularly received and in order to meet this growing demand for oil it has been arranged with the Standard Oil Company to get two consignments of 400 tins each at Bangalore and Mysore and one consignment of 800 tins at Tumkur.

It is expected that this stock would be cleared soon.

In order to enlist the services of the Co-operative Societies in this connection, the Registrar of ~~the~~ Co-operative Societies has been requested to issue necessary instructions to the Societies to make arrangements to take deliveries of oil on payment of the value of the same.

I have the honour to be,

Sir,

Your most obedient servant,

Food Controller & Director.

Office of the Director of Civil Supplies in Mysore Bangalore
Dated 7th June 1919

Memo —

re Kerosene oil purchased by Government from the Standard Oil Company of New York Madras

—

1 The total quantity of oil purchased by Government amounts to 3000 tins and 7000 drums of 4 gallons each. Delivery of oil will be made at the installations of the Standard Oil Company at Bangalore Tumkur and Mysore through their agents. The total quantity of oil that will probably be available for delivery at each of the stations are indicated below:-

	Tins	Drums	Total
Bangalore	700	2000	2700
Tumkur	1500	3000	4500
Mysore	800	2000	2800

2 These supplies of oil will be distributed between the several districts as follows:-

	First Consignment.		Late Consignments		Reserve	
	Tins	Drums	Tins	Drums	Tins	Drums
Bangalore	400	300	100	800	-	200
Tumkur	400	300	200	200	100	100
Mysore	400	300	200	1500	200	200
Hassan	"	"	200	600	-	-
Kadur	"	"	200	600	-	-
Shimoga	"	"	200	600	-	-
Chitaldrog	"	"	200	600	-	-
Kolar	"	"	200	700	-	-

3 The supplies will be delivered only to the Deputy Commissioners of Districts or persons nominated by them. Oil should be sold to the public through the Co-operative Societies and if necessary through municipal agencies. It is not desirable (owing to risks of fire) to keep oil along with food grains in the Government grain depots.

4. The procedure will be that delivery orders will be issued on the agents of the Standard Oil Co in favour of persons nominated by Deputy Commissioners on payment of value to this office in Cash or by R.T.R or Bank Credit.

To avoid delay it would be preferable to remit the money in cash. It is believed that in view of the great demand for oil that exists all over there will be no difficulty in arranging for prepayment. But if in any special case the Deputy Commissioner desires oil to be issued to any public body or authority without prepayment this will also be done and a bill will be sent to the Deputy Commissioner for payment and payment should be made within 15 days at the most.

5 The prices quoted in this office letter no 9517-26 of the 22nd May are the prices actually charged by the Company. Including incidental charges and allowing for leakage etc the price of issue of oil at the several installations will be as follows:-

	Oil packed in tins per unit of 2 tins	Bulk oil per unit of 8 gallons.
Bangalore	Rs 8-12-0	Rs 7-0-0
Tumkur	Rs 8-13-0	Rs 7-1-0
Mysore	Rs 8-14-0	Rs 7-2-0

These rates are 4 annas less than the maxima prices fixed for the sale of oil by Sub-agents to 'B' permit holders at the Sub-agency stations in this notification no 9802 of the 26th May published in the mysore Gazette of the 29th May. The oil should be retailed at Cost price subject to the maxima retail rate prescribed in the notification referred to above.

6 The bulk oil prices referred to above are exclusive of the drums in which they are received. In the case of bulk oil if the buyers bring their own receptacles to the installations they will be charged only the bulk oil prices. If it is desired to take oil in drums supplied by the Company the price of the drums ie Rs 2-8-0 each should be deposited. This will be refunded if the drums are returned promptly and in good condition.

7. This office can arrange for the delivery of oil at the installations of the Company at Bangalore Mysore and Tumkur only, and cannot undertake to arrange for delivery elsewhere. But railway facilities will be given by way of issuing priority Certificates when necessary.

Sd. K. Matthan
Director of Civil Supplies.

Office of the Food Controller and
Director of Civil Supplies in Mysore.

Bangalore, Dated 6th August, 19 19.

From

~~K. MATTHAN, Esq., B.A.~~,

Food Controller and Director of Civil Supplies in Mysore.

To

C. S. Balasundaram Iyer, Esq., B.A.,
Chief Secretary to Government of Mysore,
B A N G A L O R E.

Sir,

With reference to your letter No.G.2335 of the 28th July with regard to the purchase of kerosene oil from the Standard Oil Co.,Madras and its distribution, I have the honour to report as follows:--

The total number of tins taken delivery of till the 31st of July was 3675 of which 1075 were received at - Bangalore 1500 at Tumkur and 1100 at Mysore. On the 31st of July there was a balance of only 17 tins,out of this total quantity,available and that at Mysore ~~only~~ for distribution,the rest having been distributed between the several districts. The details of the distribution of the supplies are given below:--

Bangalore District	317 tins		Hassan District	1048	tins
Mysore "	135 "		Kadur "	800	"
Kolar "	60 "		Shimoga "	441	"
Tumkur "	714 "		Chitaldroog	104	"

Total 3619 tins

and 38 tins were left empty owing to leakage. The subjoined statement gives details of the receipts and issues:-

The No.of tins received from the Company till the end of July------3675 tins.	The No.of tins distributed	3619	tins
	Balance on hand	17	"
	Leakage	38	"
		3675	tins

After the leaky tins received in the several consignments were refilled and resoldered 39 tins in all were left totally empty . Two consignments of 400 tins each have since been received at Bangalore and Mysore and also one of 600 tins at Tumkur. This supply will also be distributed between the several districts as soon as requisitions for oil are received.

A separate account for kerosene oil transactions has beem opened in the Bank of Mysore in the name of the Director of Civil Supplies. All receipts are credited to that account and all payments are effected through the Bank. The total receipts up to the end of July amounted to Rs.18028-6-0. A draft for Rs.8118-12-0 the value of the 3 consignments of oil received in the first instance was sent to the Company through the Bank of Mysore. A sum of Rs.6850/- is due to them for consignments received during July and arrangements are being made to send the Company another draft for this amount. The balance of Rs. 3060-6-0 consists of (1) Rs.1408-8-0 which represents advances received from the parties for oil to be supplied plus (2) Rs.1427-8-0 being deposits made by the parties when oil was supplied to them in drums and which requires to be returned to the parties on the return of the drums in good condition and (3) of profits realised.

As the chief oil companies in Madras and Bombay have now begun to send large shipments of oil to their respective agents in the State the demand for supplies of oil purchased from the Standard Oil Company is not so great now as it was some time ago.

I have the honour to be,

Sir,

Your most obedient servant,

B. [illegible]

For Food Controller & Director.
